## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

The application has been amended as follows: Claims 1-4 and 10-13 have been cancelled as being directed toward the non-elected invention.

The following is an examiner's statement of reasons for allowance: The examiner agrees that the Ben reference does teach the general feature of varying the charging slope i.e. the magnitude of the current source used to charge the capacitor. However, Ben is silent on varying the magnitude of a discharge current source.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
